Dear Parents and Guardians,

Welcome to the 2019-2020 school year at Christian Liberty Academy! The goal of the Christian Liberty Academy Health Office is to promote the optimum health of all students so that they may receive maximum benefit from their educational experience. In order to make sure your child stays safe and healthy while in school, we require the following information be **submitted by the first day of school**. In addition, if your child has a chronic health condition, such as asthma, diabetes, seizures, etc., please notify your school nurse immediately, as additional forms will be required.

Please look through the following health information to see what you will need for your student(s) for next year. Schedule your doctor, eye, and dental appointments now, as it is very difficult to get in last minute! Please keep me informed of changes in your contact information. Also, contact information changes should be given to the day school office so that they can update our computer system.

Thank you for your kind attention to returning these forms in a timely manner. I look forward to meeting you.

Best Regards,
 Nancy Kramer, RN, C.L.A. School Nurse
